

PROFILE

Software Engineering student with hands-on experience building full-stack, mobile, and distributed applications. Skilled in Java, Spring Boot, Angular, Flutter, Python, SQL, Docker, and Linux. Interested in backend development, software architecture, data science, artificial intelligence, distributed systems, and cloud technologies. Strong problem-solving and self-learning skills, with a focus on building practical and scalable solutions.

EDUCATION

- **Engineering Degree in Software Engineering**

Software Engineering Program, ISSAT Sousse Tunisia

PFE / Final Year

2024–Today
- **Licence en systèmes d’information de gestion**

Ecole Supérieur d’Economie Numerique (ESEN) | 2020 - 2024

Graduated

2021–2024

WORK EXPERIENCE

- **Mobile Developer – SoftSquare IT**

Software Development Internship

Djerba Cyberpark ,Tunisia

Jul 2025 – Sep 2025

 - Developed and maintained mobile application features using Flutter and Dart.
 - Integrated REST APIs and backend services to support application functionality.
 - Implemented responsive and user-friendly interfaces following modern mobile development practices.
 - Collaborated with the development team to analyze requirements, troubleshoot issues, and deliver new features.
- **Full-Stack Developer – iWay Solution**

Software Development Internship

Ariana ,Tunisia

Feb 2024 – May 2024

 - Contributed to the design and development of software solutions using Java and Spring Boot.
 - Developed backend services and REST APIs following object-oriented and layered architecture principles.
 - Worked on frontend and backend components as part of a full-stack development workflow.
 - Collaborated with the development team to implement features, debug issues, and improve application functionality.

PROJECTS

- **Constellation Cat**

Offline-first ERP platform for inventory, sales, purchasing, CRM, invoicing, and reporting.

Jun 2026

.NET, SQLite
- **Campus Connect**

Academic social platform connecting students for study, projects, and university collaboration.

Feb – May 2026

Angular, Django, SQLite, Render
- **Kasty**

Mobile cashier and POS system for managing sales, products, transactions, and customer purchases.

Jun – Sep 2023

Flutter, Firebase

TECHNICAL SKILLS

Backend: Spring Boot, Django, Java, Python, C++, JavaScript, Dart, SQL
Frontend: Angular, React, Flutter
Databases: MySQL, PostgreSQL, MongoDB, Firebase
Data Science: NumPy, Pandas, Matplotlib, Scikit-learn, Data Analysis, Machine Learning
DevOps & Tools: Docker, Git, GitHub, kubernetes
Software Engineering: OOP, REST Architecture, Microservices, Distributed Systems, Database Design
Soft Skills: Problem Solving, Self-Learning, Adaptability, Communication, Teamwork

CERTIFICATIONS & TRAINING

- **DataCamp**

intro to data science, numpy,pandas ,advance Git, python

Completed

2026
- **Boot.dev**

Docker, git2, kubernetes and Aws

Completed

2026

LANGUAGES

Arabic: Native **French:** Professional - B2 **English:** Fluent - C1
